Hugo Yates

Independent Candidate for Douglas North MHK

Our Island. Your Voice. Our Future.
For Families. For Freedom. For Change.

September 24th Election

Hello

My name is Hugo Yates.

I am 47 years old.

I am a husband and father of two children.

I work as a manager in IT for a big company.

I have lived on the Isle of Man for 20 years.

I live in Governors Hill with my family.

I love the Isle of Man.

That is why I am standing for election.

What I Believe

I want a government that:

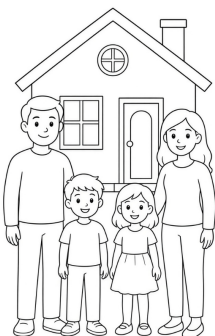

- Listens to ordinary people
- Is honest and open
- Makes sensible decisions for the Island

Here are my main promises:

1. Government should work for the people

- I will hold a meeting every month.
- You can come and tell me your concerns.

2. Help for families and businesses

- Make it easier for young people and families to buy a home.
- Support local businesses.
- Help older people and pensioners.

3. Cut unnecessary rules

- Too much paperwork stops staff from doing their jobs.
- We need to reduce this.
- Then money and staff can go where they are needed.

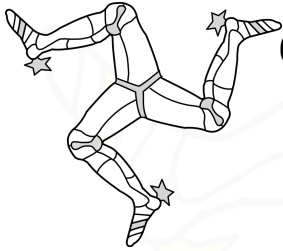

4. Strong justice

- Proper punishments for serious crimes.
- More police visible in our communities.
- Better support to stop people re-offending.

5. Real freedom

- Protect free speech.
- Push back against the Nanny State.
- Let people make their own choices.

6. Put the Isle of Man first

- We are our own country.
- We should make decisions that are right for us
- We should not just copy what the UK does.

My Main Plans

● Healthcare

- Improve services.
- Reduce waiting times.
- Cut waste.

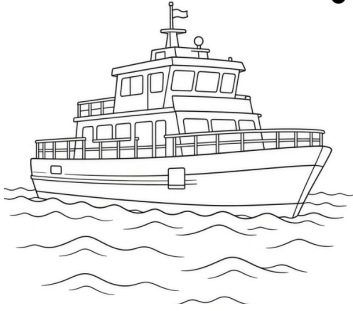

● Education

- Give our children the best possible start.

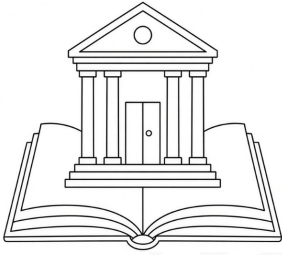

● Roads & Traffic

- Fix our roads and reduce traffic jams.

- **Steam Packet**

- Make sure ferry prices are fair.
- Put passengers and freight first — not the government.

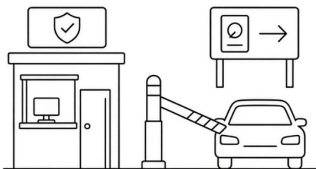

- **Transparency**

- Make government spending and decisions more open.
- Stop wasting money on expensive consultants.

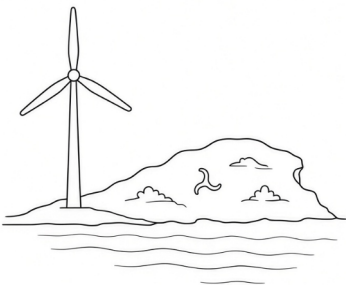

- **Housing**

- Help young families and our people afford homes on the Island.

- **Immigration**

- Have sensible rules.
- Protect people, jobs, housing and services.

- **Energy Projects**

- Make sure projects benefit the Island and its people.

My Promise

- I will always put the people of the Isle of Man first.
- No long speeches.
- No empty promises.
- Just honest, straight-talking government.

Declaration:

- I have no current business interests on or off the Isle of Man
-
